

.falling star _~~~_

[illegible]

sunray on a falling star
to be lost with insight
on a road so long
we are born within a song
falling, falling, late afternoon

butterfly songs

stillness
to go to stone
I don't wanna stay
butterfly songs

gotta find
real-serum

I don't know,
do you want to fall thru the sky?
down, take it in-some small
celebration of thought right there in your life!

still unaffected?

don't overstate it
getting some point
learn when to let go

let the stone fall,
I don't wanna mind you

gotta stand firm
don't stay unable to go

back in love with a memory or two
it belongs to you

no distance ,got alot to do

stone-fall

still, I'm notified:
we don't have to stay here long
if you can't stand the form you're in
return to stories from
your butterfly songs

part of u

to stand beyond
out on the land
bring me to the water with perfect taste

turn around, summer child
repair a fallen world
the soul, in sand
turns your hand

there is a part of you left
here in the words
calling the side of you left
out in the world

in the soul's small beginning
all the walls we build IT

inner soul never-ending
to be one w all the phantoms

curious how we really
lift a finger to circumstance
understanding

all moving on
all moving on

the wind's on fire
the wind's on fire - !!!!!!!!!!!
it carries two sides of us

soul's born to get there
soul's born to get there

worries of already
worries of always
worries evolve

shot to the heart wide
worries will end in fire
worried romance safe from all rain

below is only current
what goes around a shadow

monday in the garden
the ghost of Avalon stirred the inner world
holding nothing, to show us from the floor

below is only current
bend the reason for my style
show me something ,fucker
the same ruse of 'ol

she comes alive
anyone seen?
she comes alive

$$\begin{array}{r} 111,828 - 749 \\ \underline{749} \\ 828 \\ 938 \end{array}$$

she comes alive

inside a prayer - over us
cat's game cannot hold

Gli altri, tuoi concittadini e
fratelli, soffrono, piangono,
cercano insieme la salvez-
za... E tu sei qui cieco e
solo che canti...

And you're here alone, blind and singing...
